SUMMARY

I am a recent graduate with a bachelor's degree in Computer Applications and 11 months of experience as a Python/Django developer intern. I specialize in developing and maintaining web applications using Python and Django, and am proficient in database management and back-end development. As a collaborative team player, I excel at problem-solving with creativity and originality. My passion extends to digital forensics, and I am actively seeking an internship to further enhance my software skills and gain experience in both web development and digital forensics.

EXPERIENCE

- **Intern**

  InfoLabz IT Services Pvt. Ltd.   JULY - 2023 to APRIL - 2024

  Developed web applications using Python, Django, and Bootstrap, focusing on creating responsive and visually appealing user interfaces.

  Participated in the entire software development life cycle, including planning, development, testing, and deployment.

PROJECTS

AspectHomes - An Interior Webapp

- The AspectHomes Project, a final-year initiative, is dedicated to enhancing interactions between customers and designers within the interior design domain. This system comprises three modules: Admin, User, and Designer, each designed for efficient oversight and monitoring. Users commence by uploading images and 360-degree tours of their living spaces, alongside proposed budgets. They can then explore a gallery of designer projects and engage in a bidding process. Designers exhibit their work through images and 360-degree tours.

- The project's core feature is an immersive 360-degree functionality, implemented using HTML and CSS. This functionality provides a dynamic and engaging platform for users and designers to collaboratively present and review interior design projects.

SKILLS

- **Language:** Python , JavaScript , Bash Scripting
- **Technology:** OS (Windows & Linux)
- **Networking Fundamental:** TCP/IP, Wireshark
- **Tools:** NMAP , Netcat
- **Others:** Communication, Problem-solving , Team-Work

EDUCATION

Bachelor's of Computer Application   **June 2021 - April 2024**

GLS University, Ahmedabad

CGPA 7.74

HSC (Commerce)   **April 2020 - May 2021**

Shri L.G. Haria High School , Jamnagar

CGPA 6.57

SSC   **April 2020 - May 2021**

Shri L.G. Haria High School , Jamnagar

CGPA 6.23

CERTIFICATION

Google's Cybersecurity Profesional Certificate   June 2024 - Pursuing

Digital Forensic Essential (DFE)   July 2024
